

Tram Weekend Timetable

Sunday 15th September 2024

All timings are approximate. The programme may need to be altered on the day due to the weather, availability of trams and the availability of staff.

As we celebrate 60 years of electric tram operation at Crich, we also look forward to the future with a focus on our recent restoration projects.

Our investment for the future means that we are currently part way through a project to upgrade our electricity supply. As a result, we are currently operating on a temporary supply, which limits the number of trams we can operate at any one time.

1000	Curtain Raiser: Leeds Line Up LCC 1 (formerly Leeds 301), Leeds 180 and Leeds 399 will pose for photographs in the street before the start of the tram service..
1030	Tram Service Commences with Newcastle 102 operating the first departure
1030 to 1200	Intensive Tram Service in operation, with multiple trams departing every 10 minutes
1030 to 1130	Shunting on the Depot Fan as trams are brought out for display, including the opportunity to see our traverser in use with trams moving sideways!
1030 to 1600	Exhibition Hall Displays: Electric 60; Sporting Stories from Tramway History; collection curiosities.
1100 to 1130	Depot Fan Display A display of trams in our collection on the Depot Fan.
1200 to 1400	Some trams return to Depot for Lunch, with Photographic Opportunities on the Depot Fan
1200 to 1400	New Mills Band playing on the Bandstand
1400 to 1700	Intensive Tram Service in operation, with multiple trams departing every 10 minutes
1500 to 1600	Depot Fan Display A display of trams in our collection on the Depot Fan, celebrating 60 years of Electric Tram Operation at Crich.
1630	Shunting on the Depot Fan to put all the trams away!
1700	Last Trams
